Health and Safety Notes

WRWA is excited to be able to offer summer programs again in 2021, with the following mandatory precautions.

- All participants and staff will begin with prescreening at home, look for early symptoms and signs of Covid-19 and if you have any of those signs stay home.
- All staff and participants will have their temperature checked upon arrival and will be sent home if the temperature is 100 or above.
- All staff and participants will be required to wear a 2-layer mask (also have a backup mask) at all times except when spaced 6 feet apart during snacks and meals.
- Hand washing will be encouraged throughout the day and mandatory before any meals/snacks.
- We will be reducing the number of participants in each one of our programs according to state guidelines and we will be practicing social distancing throughout the program.

Summer Program Descriptions

River Rats (Ages 3-6 accompanied by adult)

Join WRWA this summer at the beach. Each session will feature an hour at the beach during which participants will listen for shore birds, use nets to catch fish and crabs and explore the sand for hidden creatures. Hands-on investigations, games and crafts will help participants learn about animals at the beach.

Coastal Explorers (Ages 7-9)

Discover the wildlife in our coastal waters in this hands-on, science day program. We'll use a seine net to catch critters, complete scavenger hunts, hike through the dunes, play some nature games on the beach, and create crafts from natural objects. Each week is filled with different activities for your child so your little explorer can participate in as many programs as they like.

River Edventurers (Ages 9-11)

Head out on WRWA's Skiff to explore the Westport River by boat. We will tow a plankton net, pull up crab pots and observe osprey nests. Participant will also have the chance to look inside a skate to find out how they survive this marine habitat.

Watershed Explorers (Ages 12-16)

Your child will explore the Westport River watershed and beyond in this program specially designed for the young outdoor enthusiasts. Through hikes on land and kayaking on the water, we will see many sections of our local rivers. We will spend 3 days kayaking with Osprey Sea Kayak Adventures.
